EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. John S. Reid (Reg. No. 36,369) on 14 January 2005.

2. The application has been amended as follows:
 - a. In claim 26 line 6 after the words "greater than the first iron" the words -- wherein said set has five or more said adjacent consecutively numbered irons -- have been added.
 - b. Claim 32 is canceled.
 - c. In claim 40 line 8 after the words "alternating sequential adjacent iron" the words -- wherein said set has four or more said alternating sequential adjacent irons -- have been added.
 - d. Claim 46 is canceled.
 - e. Claims 54-65 have been cancelled.

3. The following is an examiner's statement of reasons for allowance: The change to claim 26 overcomes the references of Bulla (4,498,672, Col. 5, Table, irons 4-6) and Ezaki (4,874,171, Table irons 8-11). The change to claim 40 is to overcome the reference of Ezaki (4,874,171, Table irons 7,9,11). Canceling claims 54-65 is due to the reference of Kilshaw where

it would be obvious to not have a ten iron and have lie angles which have the same difference between irons due to the reference of Nishizawa (6,071,198, Table 1) and most iron sets in the art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
